The staff of the ACC has as its primary mission the growth and development of the student and places the upmost priority on the needs and concerns of the student.

Academic advising in the ACC is available to all students who have not declared a major and students with dual majors in Liberal Studies and Education.

## Tutoring Ext. 5789

The Tutoring Center is located in Wilson 235, Ext. 5789.

## **Counseling Services Ext. 5790**

The Counseling Service Center helps students make the most of their education through psychological skill development and personal growth. We are concerned with the education of the “whole student” with the integration of learning and living. Besides working to reduce or eliminate problems that interfere with learning, we attempt to use the problems students bring to us to enhance their problem solving skills and their personal resources. The center offers short term counseling on an individual basis as well as group counseling. Your relationship with Counseling Services is confidential unless you give written permission for it to be shared or in certain life or death emergencies, or by a court order. Another important function of psychological counseling is referral. If someone else on campus or in the community can help you with your concerns, counselors will help connect you with that person or office.

The Campus Center is part of the educational program of the college as well. It serves as a laboratory of citizenship training students in social responsibility and for leadership in our community. Through its advisory board committees and staff, it provides a cultural, social, and recreational program, aiming to make free time activity a cooperative factor with academic study. In all of its processes, the Campus Center encourages self-directed student activity, giving maximum opportunity for self-realization and for growth in individual social competency and group effectiveness. # Sports

Seventeen varsity teams compete in Division III of the NCAA, which emphasizes the involvement and impact of the athletic programs upon the participants rather than on satisfying the entertainment needs of the public. Since the status of any athletic team is not dependent upon gate receipts or other revenue, no team is relegated to the category of a "minor sport." In addition, no financial aid packages based on a student's athletic abilities are awarded in the NCAA Division III.

Westfield State College is also a member of the Eastern College Athletic Conference (ECAC), New England College Athletic Conference (NECAC) and the eight team Massachusetts State College Athletic Conference (MASCAC). Other MASCAC schools are Bridgewater State, Fitchburg State, Framingham State, MCLA, Mass Maritime, Salem State and Worcester State. Westfield State is well represented in the MASCAC, competing in 13 of the conference's 14 sports.
